**Phone Log  
2007 UAA Public Comments**

Date: **8-12-08**

Time: **3:20 PM**

Caller: **Bill Whipps**

Contacted: **William Jobson**

Phone number: **(913) 642-4744**

Water Body Name: **Panther Creek**

WBID: **1295**

UAA: **0323**

County: **Bates**

Reason for contact:

**Clarify area of use.**

Comments:

**Area of use is on classified segment; stream runs through his property south of CR 644, west of Rockville. His grandkids play and fish in the stream. In contrast to what is written on the survey he submitted, he said on the telephone that kids do not actually swim in the stream, but may come into full contact with the water if they fall down.**

**He said that the water level in the stream is directly proportional to the water level in Truman Lake – when the level in the lake is low, Panther Creek is low or dry. But when Truman Lake is high, then the water level in the creek is high.**
